To Whom It May Concern

Please accept this as confirmation that James Worlidge and Chris Stanczyk have a guaranteed place to run the Virgin London Marathon 2011 with Action Medical Research (registered charity number 208701) and is fundraising on behalf of the charity.

At Action Medical Research we are determined to stop the suffering of babies and children caused by disease and disability.

We know that medical research can save and change children's lives. By supporting James and Chris with their fundraising you will be helping to find ways to reduce premature birth, to support children facing a lifetime of challenges caused by disabilities, and to develop cutting-edge therapies for rare and incurable diseases.

Right now the best medical minds in children's hospitals and universities across the UK are waiting for the green light to start research that could lead to life-changing treatments for babies and children. They just need the funding. Unlike many research charities Action Medical Research relies entirely on donations so we cannot fund new medical breakthroughs without your help.

If you have any questions feel free to contact me on 01403 327440.

Thank you for supporting James and Chris with their fundraising efforts.

Kind Regards,

Suzy Edington
